Adopt A Child Charity Drive

We have children waiting for someone like you to make their holiday memorable

Children In Need

Thoughts of the holidays can bring wonderful memories of family, friends and giving. But there are many who are unable to experience the true spirit of the holidays. The Northeast Guidance Center's Adopt A Child Charity Drive provides someone like you an opportunity to bring joy to our neediest children. These children suffer from severe emotional disturbances or live with parents suffering from a mental impairment.

Making Wishes Come True

Adopt A Child matches individuals, families, churches, businesses and organizations with children in need ages 1 month to 17 years. You can make a difference by adopting a child or making a monetary donation.

Wish list items often include clothing, winter boots, games and toys. We have many children who are hoping to be adopted by a caring individual or group.

100% of your donation goes directly to children we serve.

How It Works

Make a donation

Donations from \$10 and above will help provide wish list items. A \$50 donation can provide many of the wish list items. Starting in November, for \$50 or more, you will be provided information of the child(ren) you adopted.
