For state taxable income over \$50,000, ability to pay shall be 15% of that income, but not more than the actual cost of service. Monthly ability to pay is 1/12 of the annual ability to pay, and per session ability to pay is the monthly ability to pay divided by 5 and rounded to a whole dollar amount. The sum of all per session charges during a month may not exceed the monthly ability to pay.

This ability to pay schedule is reviewed every three years by DCH.
